The structure may be rebuilt provided such construction is started within one year of the casualty loss and complete within two (2) years of the casualty loss. The provisions of the Town of Fremont Building Code, as amended, shall apply to any reconstruction.

6. In the event the non-conforming structure contains a commercial use, there must be no adverse impact on access, traffic, parking, lighting or other safety or visibility features of the existing structure.

7. A special exception under this subsection may be granted only as to expansions into the side, front, and rear setbacks, and is not available for expansions which violate height restrictions of this ordinance.
